

## 11-5-09

## Department of Building Surveying, Faculty of Built Environment

The Department of Building Surveying aspires to be the leading institution in producing quality Building Surveying graduates for the industry. In order to achieve our aspiration, we wish to continuously assess our undergraduate programme, Bachelor of Building Surveying, which was first introduced in 1995.

We therefore hope you would assist us in our quest for excellence by providing the feedback to the questions posed below. The information given shall be treated as confidential and shall solely be for the department's usage.

Your feedback is highly appreciated.

Thank You.
